### **TEACHER'S DAY ACTIVITY/PINK AND BLUE COLOUR DAY**

Dear Parent,

Greetings from Delhi public School, Warangal!

"Let us remember that one book, one pen, one child and one teacher can change the world."

Teacher's day is an important day for teachers and as well as for children. It is a day when we honour and celebrate the birth anniversary of Dr. Sarvepalli Radhakrishnan - a professor, a philosopher, a politician and first vice president of India. The tiny tots of Delhi Public School are celebrating Teacher's day along with pink and blue colour day

"The good effects of pink kindles friendship, harmony and affection"

BLUE is a cool and calming color that shows creativity and intelligence. The color that pink and blue make is purple or light purple, to be precise.

Color plays an important role in making people feel happy as it is the essence when it comes to creating a beautiful and cool design. Understanding color combinations is necessary for the design. The key to achieve an amazing pattern is to recognize how different colors interact with each other. The tiny tots of Delhi Public School learn about color harmonies which include knowing what works, what doesn't, and how different colors communicate with one another will immensely help you understand color combinations. Children will bring different objects, toys or food items of only pink or blue colour and they have to speak a few lines about the objects in class

Date: 5th September 2022

Venue: Delhi public school, Warangal

Day: Monday

Timings: 09:50 am-10.30am.

Dress code: Pink or Blue

Thank you,

Regards,

DPS-Warangal.
