

Rhyme recitation contest refines skills

Delhi Public School

Warangal

Poetry is simply the most beautiful, impressive, and effective mode of conveying feelings. A poem expresses the beauty of our thoughts.

Children of classes LKG to class II participated in the 'English Rhyme/Poem Recitation Competition.' The participants showed their confidence, expression and talent in the contest.

Their eye-catching props added the icing on the cake and poetry got to its core meaning. The poem recitation is one of the most important activities which helps in removing hesitation and helps students to build their self-confidence.

The competition inspired the young and prospective poets to expand their ideas, improve pronunciation and acted as a stepping stone for young children in effec-

tive public speaking. Students from each class came up with different poems on various topics and recited them with great zeal and enthusiasm.
